

Connecting Experience.com to Facebook

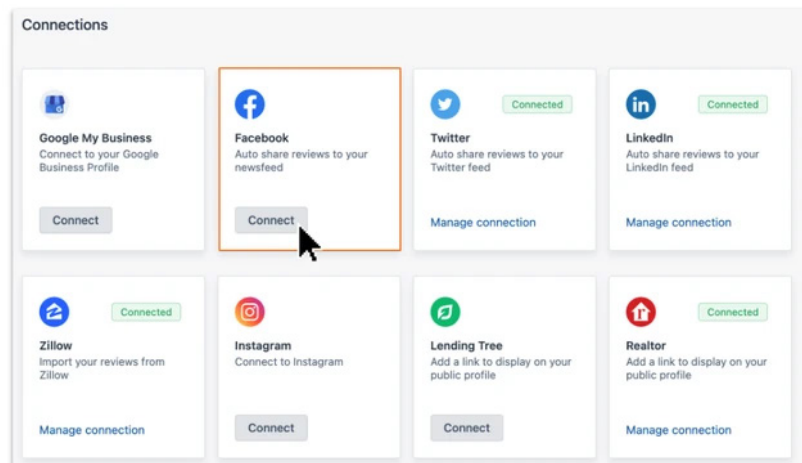

Connecting to Facebook offers professionals several features to enhance their online presence, including the ability to auto-post reviews on their page. An active Facebook connection also enables the importation of reviews from Facebook into Experience.com, where professionals can respond to those reviews, with the replies synced back automatically.

How to Connect to Facebook

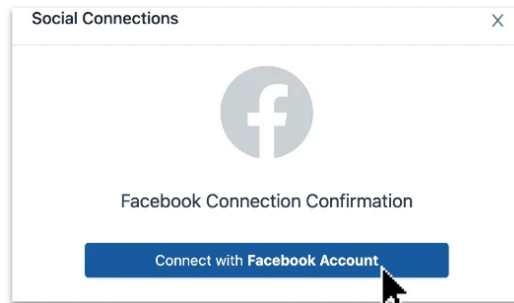

- 1) Navigate to the Connections page using the left-side navigation menu of your account.

- 2) Find the Facebook tile on the Connections page and click the grey Connect button.

3) Click the blue button labeled Connect with Facebook Account on the right side of your screen.

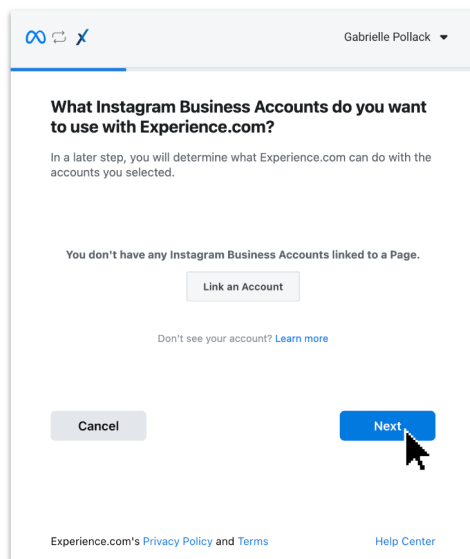

4) Log in to your Facebook account if not automatically logged in when redirected.
