

Connecting Experience.com to Instagram

Connecting to Instagram on Experience.com serves to display a link on the professional's profile, thereby increasing traffic and followers to their Instagram account

How to Connect to Instagram

- 1) Navigate to the Connections page using the left-side navigation menu of your account.

- 2) Find the Instagram tile on the Connections page and click the grey *Connect* button.

STOP! Ensure that the Instagram business account is already connected to the corresponding Facebook account's Page before attempting to connect.

3) Click the blue button labeled Connect with Facebook Account on the right side of your screen.

4) Log in to your Facebook account if not automatically logged in when redirected.

This is a screenshot of the Facebook login interface. It features a white background with a light gray border. At the top, it says 'Email or phone:' followed by a text input field. Below that, it says 'Password:' followed by another text input field. A blue 'Log In' button is centered below the password field. Below the button, there is a link for 'Forgot account?'. At the bottom, there is a green 'Create new account' button.

5) Choose the Instagram accounts you want to use with [Experience.com](https://experience.com). If none are listed, click Next.

Select ALL listed Instagram accounts, even if you don't plan to connect/display them with [Experience.com](https://experience.com).
